Cannon Hill Capital Partners Named one of Crain's 2024 Best Places to Work in NYC

The 2024 Best Places to Work list highlights organizations across the city that have not only excelled at adapting to rapid change, but also prioritize creating exceptional experiences for their employees.

New York, NY – September 18, 2024 – Cannon Hill Capital Partners has been named one of Crain's 2024 Best Places to Work in NYC and ranked at #4 overall. For the complete list of winners, see CrainsNewYork.com/BestPlacestoWork, as well as the October 14, 2024, print issue of Crain's New York Business.

The awards program is designed to identify, recognize and honor the best companies to work for in NYC. According to *Crain's*, the publication works with Workforce Research Group, an independent research organization, to conduct the research and compile the final list of workplaces. The rankings are based on a combination of employee surveys and audits of benefits, human resources, workplace policies, practices, demographics and perks.

"We strive to offer a rewarding, diverse, family-friendly workplace with a competitive benefits package, which is why we are so honored by this recognition," said Co-Founding Partner **Melissa Cosgrove Donohoe**. "At the outset of our founding in 2022, we prioritized creating and maintaining a culture that fosters collaboration, integrity, personal and professional development while also balancing ambitious business objectives and results for our clients."

Winners were determined by the results of WRG's weighted surveys and audit. Receiving this significant recognition, less than two years after the Company's formation, underscores Cannon Hill's long-term commitment to the professional and personal growth of its employees.

About Cannon Hill Capital Partners:

Cannon Hill Capital Partners is a vertically-integrated real estate operator, developer and investment manager pursuing growth through a value-added investment strategy primarily focused on repositioning and developing best-in-class office, multi-family, industrial and life sciences properties in the metropolitan regions of New York, Boston, and Washington, D.C. Its portfolio under management includes over 30 properties aggregating approximately 10 million square feet in its core markets. For more information, please visit www.cannonhillcap.com.
